

GOVERNMENT OF ANDHRA PRADESH

Department of Social Welfare

PUBLIC BENEFIT ASSISTANCE SCHEME

Beneficiary Assistance / Renewal Notice

IMPORTANT NOTICE

This is a fictional test document created for testing the Saral document-understanding platform. It is not an official government communication and has no legal or financial validity.

Notice Reference	AP-SW-BAS-2026-014782
Application ID	BAS-26-084193
Issue Date	20 September 2026
Response / Renewal Deadline	30 September 2026
Benefit Category	Household Support Assistance

Dear Beneficiary,

According to the records available to the Department, your application under the Household Support Assistance category is eligible for renewal, subject to verification of the information and documents listed below.

Assistance Details

Approved assistance amount	₹4,000
Payment method	Direct Benefit Transfer (DBT)
Expected processing period	Up to 15 working days after successful verification

Action Required

- Confirm that the beneficiary's bank account details are correct.
- Submit a self-attested identity document and current address proof.
- If any information has changed, update the application before the deadline.
- Keep the acknowledgement/reference number after submission.

Deadline: All required information and documents should be submitted by 30 September 2026. Applications that are not updated by the stated date may require additional verification before assistance can be processed.

Where to Submit

Applicants may submit the required information through the designated government service centre or the official portal associated with their application. Use the Application ID above when making an enquiry. Do not share your OTP, PIN, password, or banking credentials with any person.

If You Need Help

For assistance, contact the relevant government service centre and quote your Notice Reference and Application ID. Verify important information through an official government source before taking financial or legal action.

Document verification note: This sample intentionally contains structured information (dates, amount, deadline, eligibility/renewal language, required actions, and reference numbers) to test an AI document-understanding application.
